

"HOW MICHAEL X CONTACTS THE SPACE-BEINGS"

In my search for a simple, practical and positive aid whereby I might contact flying saucer beings, as well as human intelligences living on other planets, I was led to the study and use of "Psychic Stones" or "Gems". By nature, my

psychic or sixth sense is developed considerably beyond that of the average person (for which blessing I am most grateful), however, I have found that if one desires to reach mentally into outer space, and communicate with advanced beings by Telepathy, it is necessary to make use of every aid that will stimulate and increase one's telepathic power.

More contacts with Spacemen are being reported here in California than any other state in America, and in my opinion, this is due to the fact that a psychic stone, known as a TELOLITH, is being utilized by more and more persons here as an aid to ESP (Extra-Sensory Perception) development.

If you have never used a TELOLITH psychic stone, it is important to know something about the stone itself, what it looks like, where it may be obtained, and most important, HOW to use it for best results. I shall briefly describe the stone for you, and then give you the secret instructions for its use in Telepathic contacts. Bear in mind as you read, that I attribute my personal success in "OSC" (Outer Space Communication) to my diligent and faithful use of a TELOLITH psychic gem. Of course, there are other important secrets to observe if you are sincerely desirous of mentally contacting a Space-Being. These secrets will also be made known to you in this report, which, to my knowledge, is the first time this information has been made available to sincere seekers. May it open NEW DOORS of truth to you!

The TELOLITH is a rare boron crystal small enough to hold in your hand or carry in your pocket. It is translucent in appearance, usually in an unpolished natural state and may be of different shades of color depending on its environment. It is unlike most other stones in the fact that it possesses an enormous aura, or field of electro-vitic radiation. This "aura" around the stone, though invisible to ordinary vision indicates that the stone contains unique VIBRATORY QUALITIES. These vibrations from the stone are of a very high frequency, and for this reason the TELOLITH acts to "step-up" the sensitivity of your physical body (particularly the Pineal and the Pituitary glands which are the 'psychic organs') so that you

become more easily and quickly "attuned" to the thought vibrations constantly being sent to Earth by the Space-Beings.

Therefore a psychic stone will prove a positive aid in the reception of OSC messages, when properly used. But that is not all. It will also serve to focus and intensify your own telepathic powers, thus enabling you to transmit to and also to receive the thoughts of the Space-Beings. It is a well known fact that if you wish to project an electrical current to any distant point in space, you must first "step-up" the current to a higher voltage before you release it. Otherwise there is no power to effect transmission. That is why I use a TELOLITH gem. It assists me to build up and intensify my MENTAL FORCES so they become very strong and positive. Other psychic gems may work as well as the Telolith for this purpose and are worth testing. Edgar Cayce, the famous psychic reader (see book "There is a River" by Sugrue) advised the use of a stone called Lapis Lingua or "Singing Stone". Which-ever stone you may prefer, the same instructions for its use will apply. If you do not already have a psychic stone, THE GEM EXCHANGE, Gem Village, Bayfield, Colorado, will send you a price list and description of the various gems. A postcard to that fine company will bring a prompt reply.

Now for step-by-step instructions. They are not at all complicated, nor hard to follow, but each step is important.

1. CONSECRATION. Because the Telolith psychic stone has a positive-negative vibration, it is able to draw in as well as throw off subtle thought influences. It has passed through many hands before you obtained it, therefore you must first de-magnetize it, so as to banish all traces of the past vibratory influences which it contains. This is accomplished as follows: Take the gem up in your hands so that the fingers and thumb of your left hand hold one end of the stone, while the fingers and thumb of your right hand hold the other end of the stone. Now hold the stone quietly and think strongly of your highest ideal of LIFE, LOVE and LIGHT, for 5 to 10 minutes. This "demagnetizes" the Telolith of all low vibrations. After you have done this, set the stone down on a table and DO NOT TOUCH IT for ten full minutes. Above all, do not allow anyone else to handle the stone. At the end of 10 minutes, pick up the stone again, hold it as you did before in both hands, and breathe on it slowly. As you breathe, inject the full intensity of your mind and thought upon the stone, seeing in your "mind's eye" the words LIFE, LOVE, LIGHT as if they were being written, engraved or impressed on the Telolith stone. Do this for 5 full minutes. The Telolith is now charged with your own personal and highest vibrations. From now on allow no one but yourself to handle it, for strange magnetism will affect it negatively. Next comes the vital process of "Invocation".

2. INVOCATION. The Telolith is now ready for use in assisting you to raise and intensify your mental vibrations so that thought communication with the Space People will be possible. Invoking or calling the Beings is the next phase of this higher work. Invocation serves two purposes. First it will attune you with the higher consciousness of the Space Beings. Secondly, it will help the world in general. I have learned that it is unwise to petition these higher beings for merely selfish or material reasons. Requests should be only in regard to spiritual matters such as will advance the world spiritually. Also, an Invocation should never be made kneeling down, for the act of kneeling down lowers your whole vibratory consciousness, and may bring you into attunement with the lower worlds of beings. This is never desirable. The aerial spaces are thronged with countless intelligences, some good, pure, true, and celestial. Others are just the opposite. To reach the true and good ones--the high beings of Venus--your heart must correspond by invoking only the good, true and beautiful for noble purposes. Therefore it is best to stand upright, holding the Telolith in your right hand so it rests lightly in your open palm. Now LOOK UP and address the Space-Being (or Beings) silently and mentally. Do not speak aloud, for the spoken word is too Earth-bound. Instead, let your thoughts be from without inwards, from the material to the spiritual. Think from within, upwards, and always silently. Remember, the Beings are master telepathists. And they are looking for the aid of sincere Earthlings. Here is the Invocation I use to contact my Space Master:

SPACE-BEING INVOCATION

"O Cosmic Teacher
of LIFE, LOVE and LIGHT
from the planet Venus
May the Spirit of Goodness
manifest on this Earth
as it does on Venus.
May the positive powers
of LIFE, LOVE and LIGHT
overcome all negation
and usher in the NEW
and GOLDEN AGE.

"Through the magic of Mind
reach out to me now
in THOUGHT communion,
that my soul may increase
in Cosmic Wisdom and Love
for the GOOD of all Life,
and the glory of the GREAT LIGHT!"

Now you are prepared mentally and spiritually for.....

3. CONCENTRATION. Here is the method I personally use and which has proved most successful for me. When I desire to RECEIVE a message from outer-space, I hold the Telolith to my forehead just above and between my physical eyes. This place is directly in front of the Pituitary gland, the psychic organ of telepathic reception. By exerting a moderate, firm pressure over this area, I find that the vibrations of the stone act to "step-up" the vibrations of the Pituitary gland, thus aiding my ability to CONCENTRATE mentally on outer-Space Communications.

When I wish to TRANSMIT or send a mental message to my Space Master, I raise the Telolith to the top or crown of my head, and hold it there while exerting moderately firm pressure. The spot is directly above the Pineal gland, which is the psychic organ of telepathic transmission. By applying gentle pressure to the Telolith at this spot just over the "third-eye", I find that the vibrations of the stone aid greatly in focusing and intensifying my thought-force so that I can transmit my own thoughts more positively and with a higher degree of success.

Another secret method I use, is something my own Teacher revealed to me and which is known only to advanced beings. It is called the "Awareness Slide". I have drawn three diagrams

(Fig. 1.) RELAX

(Fig. 2.) SEND

(Fig. 3.) RECEIVE

to illustrate this. The idea is to "slide" the focal point of your mental awareness (mind) between the Conscious and Subconscious areas of awareness, depending on whether you are sending or receiving a message. Fig. 1 shows a thread with a bead on it which can move in either direction from the center. "C" indicates the Conscious mind, "S" denotes the SUBLIMINAL MIND and "SC" refers to the Subconscious.

Relaxation is needed first of all to enter the SUBLIMINAL STATE. Therefore I relax by hold-

ing a mental picture of the thread with the bead at the center of it, as in Fig. 1. Next, in order to SEND a message to my Space Master, I mentally move the bead toward "C" (Fig. 2) to allow my Conscious-mind to think of the thought I wish to project. As soon as I have formed the thought, I "slide" the bead back to the center promptly to point "S". From point "S" I mentally move the bead until it is between "S" and "SC" (Fig. 3). Now I am ready to RECEIVE mental communications from my Space Master. This secret method of using the "Awareness Slide" together with the Telolith psychic gem should greatly assist you in your understanding of "O.S.C." and enable you, with devotion and practice, to succeed in your noble purpose.

Sincerely Yours,

ooo0000ooo

Michael X.

SUPPLEMENTARY INSTRUCTIONS

The Venusians embody love and wisdom. If you will seek to emulate those virtues and embody them in your soul and personality, you will find that after a while you will bring yourself into that state where you will naturally create an AFFINITY between yourself and your Venusian Teacher. Then, by your love, your intense devotion, you will in time draw him to you so that he will help you upward on THE PATH. But remember, Earthlings can never command the Venusians. Venusians are amazingly above Earthman, having more powers of every description. (See Lesson Six.) We, therefore, can never compel them through any kind of willful thinking or feeling.

By becoming more harmonious, loving and passive--and by consistent use of the Telolith or Lapis Lingua psychic stone--and having the proper attitude of devotion to the Wise Ones, it will be possible in time to draw them to you by magnetic soul attraction. Not to compel them in any way, but to win their approbation sufficiently to accept you as a devotee of greater LIFE, LOVE and LIGHT; and in time they will appear to you. At first you will receive revelations and helpful messages from your Teacher during your nightly dreams. However, these dreams will not be like your ordinary dreams. They will be extraordinarily vivid and intense and impress you profoundly.

Whether or not you have as yet seen your Venusian Teacher, the fact remains that he does exist and is as real as you are. The Venusians (and the Mercurians) are actual living entities in masterful human form, and they have been helping Earthlings for countless centuries. Now let us sum up the elements that are most necessary to making a successful contact:

- First: A firm faith in the existence of the Venusians.
- Second: Intense devotion to their service
- Third: Positive love for them personally.
- Fourth: A harmonious, natural and meatless diet.
- Fifth: Great zeal in carrying out their instructions.
- Sixth: Regular use of a Telolith or psychic stone.
- Lastly: Infinite patience in personal soul development.

Contact will be made when your soul and its powers have reached the proper state of unfoldment. Do not seek to rush this, for it cannot be rushed. Be guided by these seven steps --banish all tendency to impatience--and like the rose, your soul shall unfold in great beauty. Be ready at all times to obey whatever prompting you receive from the Wise Ones; keep your faith firm, and by this attitude of communion and trust you may indeed be able to enter into communication with them in the wondrous and glorious NEW AGE of magnificent LIFE, LOVE AND LIGHT!
